ABOUT ME

Ashleigh, a Tallahassee native who currently resides in Jacksonville FL, holds a bachelor's degree from Florida A&M University in Social Work in mental health and substance abuse. She created Infinite Beauty And Beyond in 2015, which later catapulted her to the forefront as a recognized **professional cosmetologist** in Jacksonville, FL. Shortly after, she resigned from her position as a Professional substance abuse counselor and devoted her time to building her brands which are now known as Infinite Beauty And Beyond and L&A Beauty Supply. She later began to **build her own curriculum to teach**, and license individuals who would love to become professional braiders, hairstylists, or cosmetologists. She became a State of Florida Board of Cosmetology certified hair braider license Provider in 2018. In which, she can provide licenses online, one on one, in small groups, at conferences, etc.

Ashleigh is not only a hairstylist, she is a **passionate serial entrepreneur** who owns many successful businesses that fuel her fire daily. Ashleigh has always had big dreams. To her, there's no such thing as setting the bar too high. Anything she puts her mind to, she makes happen. Ashleigh has always had a passion for doing hair to **help empower the beauty of others**. Writing and helping others reach their fullest potential are great passions of Ashleigh's. She fully believes in being the best you with no apologies. Her goal is to help as many people as she understands the beauty in who they are called to be.

She is eager to guide others to start a business, become a successful entrepreneur, open a beauty supply store, manage their monthly budget, practice self-care, and maximize their fullest potential. Ashleigh is on a **true mission to help women worldwide**.
